# ♥ MENU

This Valentine's, spice things up with a feast at Cabana!

Start with cheesy doughballs that are so good, you might have to fight your date for the last one. Wash it down with a rum punch that'll make you feel like you're on a tropical island and then dive into our mixed guavacue ribs, flamegrilled steak and grilled chicken skewers that'll have you both licking your fingers.

Followed Biscoff mini doughnuts to sweeten the deal. It's the perfect recipe for romance..
